Night has the lowest sales

CONCLUSION

Insights & Recommendations

04

INSIGHTS

- Sales are evenly distributed across locations, with Hell's Kitchen leading at 34%, while Astoria and Manhattan each contribute 33%, showing balanced performance across all stores.

GROWTH RECOMENDATIONS

Expand High-Performing Locations

.....

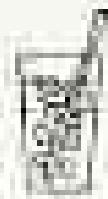

Focus on opening new stores in areas similar to top performing branches to increase market reach

Enhance Underperforming stores

.....

Improve marketing, promotions, and customer experience in lower performing locations

Introduce Seasonal Drinks

.....

Launch cold beverages such as iced coffee and smoothies to boost sales during warmer periods

Expand Menu Options

.....

Introduce light meals like sandwiches and salads to attract more customer throughout the day
